

MYCRICKET TEAM SELECTION PROCESS – SUMMER SEASON 2019/20 SENIORS

Cricket Australia has introduced mandatory Online Registration for all Junior Cricket from the 2019/20 season, however this is not in effect for Senior Competitions this year.

The three-step player registration process remains for Senior Cricket – the only change is the menu locations of Step 2.

Please note if your Club has used it, any senior player who completed Online Registration will have Step 1 and Step 2 automated.

STEP 1 – CONFIRM SENIOR PLAYER ROLES

- TEAMS Tab ... People -> Reconfirm Player Roles ... ensure your players are listed as Seniors (black text).
- Check for players in 'No Role' and add them as a Senior Player
- If the player is new to the club ... Players -> Add New Player and create / transfer the player with a Senior Player role.
- *QLD Cricket recommends setting all players to No Role and then re-adding as active Senior Players if you're not using Online Registration.*

STEP 2 – REGISTER PLAYERS TO ASSOCIATION

- ADMINISTRATION Tab ... Online Registration -> Management -> Manual Registration. Adjust Person Role to Senior Player and update Association.
- Search for your active players and bulk select all players
- Complete Selected Actions (Register) ... Type (Senior Player), Period (2019/20), Status (Active) ... Register

STEP 3 – SELECT TEAM

- TEAMS Tab ... Matches -> Select Team
- Adjust Season, Round and Grade ... all registered players will be available for selection
